Weekly Update Template

Date:	May 4, 2022
Team Name:	Team No Name
Members:	<ul style="list-style-type: none">Alex, Vince, Joe
Tasks worked on the past week:	<ul style="list-style-type: none">Created Java and css files, worked on implementing API
Issues you ran into:	<ul style="list-style-type: none">Running out of time to do things, conflicting schedules, library implementations
Lessons learned:	<ul style="list-style-type: none">We learned that the API call can be handled completely in Java, without the need for external files
Tentative plans for next week:	<ul style="list-style-type: none">Get a working search bar/buttonFinish styling Java applicationFinish presentation work

The screenshot shows a GitHub Projects board for a team named 'Team No Name'. The board is organized into four columns: 'To do', 'In progress', 'Done', and 'Test Stuff'. Each column contains a list of tasks with details such as task names, issue numbers, and labels like 'enhancement', 'bug', or 'good first issue'. The 'In progress' column has three tasks, 'Done' has four, and 'Test Stuff' has a welcome message and a checklist. The interface includes a top navigation bar with links to Code, Issues, Pull requests, Discussions, Actions, Projects, Wiki, Security, Insights, and Settings. A search bar and filters are also visible at the top of the board area.

Welcome to GitHub Projects

We're so excited that you've decided to create a new project! Now that you're here, let's make sure you know how to get the most out of GitHub Projects.

- ☒ Create a new project
- ☒ Give your project a name
- ☐ Press the `?` key to see available keyboard shortcuts
- ☐ Add a new column
- ☐ Drag and drop this card to the new column
- ☐ Search for and add issues or PRs to your project
- ☐ Manage automation on columns
- ☐ Archive a card or archive all cards in a column
